

Lead Based Paint Certified Renovator Training

A federally mandated certification provided in conjunction with Santa Fe Community College

Date: Thursday, May 13

Time: 8:00 am - 5:00 pm

Location: BIA Conference Room
2825 N. Main Street,
Las Cruces, NM

Price: \$300 members / \$350 non-members

Register today! Maximum of 30 students

This one-day class will give you the EPA-mandated training needed for you and/or your employees to become Certified Renovators and comply with this new federal law.

Attention remodelers, painters, drywallers, window installers, electricians, plumbers, carpenters and anyone else who works on pre-1978 homes!

Under new EPA rules that go into effect in April, 2010, contractors performing renovation, repair and painting projects that disturb lead-based paint in homes, child care facilities and schools built before 1978 must be certified and must follow specific work practices to minimize occupants' exposure to lead hazards.

All individuals performing activities that disturb painted surfaces must be certified renovators or have been trained by a certified renovator. A certified renovator must also be assigned to each renovation and perform all of the EPA-mandated responsibilities of a certified renovator.

Fines for non-compliance are anticipated to be anywhere from \$5,000 to \$25,000.
